Dear Mr McKeivitt,

**Re: Twickenham Challenge – Riverside Development**

Having lived in the area for around 25 years I read the article in the New Year's edition of the Informer relating to the Riverside Development with great interest and was pleased to hear that The Riverside Terrace Group is going to develop a garden scheme there, which can be enjoyed by everyone rather than a luxury flats development for the chosen few.

Further to our telephone conversation a couple of weeks ago, I would like to express my interest in receiving any further information in connection with the above scheme. I would also be interested in any information available in connection with any plans for catering facilities on the site and possibility of renting/leasing premises from the Council.

I would be grateful if you could send me the information on both short-term scheme and long term scheme, when it becomes available.

Yours sincerely

Izabela Descours
